

Geneviave Medhat Yacoub

Cairo, Egypt | geneviave.medhat@gmail.com | (+20) 111 898 1855

Objective

Computer Science student seeking a summer internship in Software Development, where I can apply my skills in programming, problem solving, and system design while gaining hands-on industry experience.

Education

Bachelor of Computer Science

Ain Shams University | **2023–2027 (Expected)**

- **GPA:** 3.94
- **Relevant Courses:** Object-Oriented Programming (C++/Java), Database Systems, Data Structures, Web Development, Operating Systems, Algorithms & Problem Solving, Artificial Intelligence, Machine Learning, NLP.

High School Diploma

Saint Joseph Language School – El Obour | Graduated: 2023

Experience

IT Intern – JW Marriott Cairo (Jul 2025 – Aug 2025)

- Assisted the IT department with hardware/software troubleshooting and support.
- Supported network and system maintenance tasks to ensure smooth hotel operations.
- Documented technical issues and solutions, contributing to IT knowledge base.
- Gained hands-on experience in enterprise-level IT infrastructure within the hospitality sector.

Game Hacking Intern – MSP Student Activity, Ain Shams University (Jul 2024)

- Learned fundamentals of game hacking and reverse engineering.
 - Used tools such as Cheat Engine and Frida for memory analysis and runtime manipulation.
 - Analyzed and modified game behavior through debugging and reverse engineering techniques.
 - Participated in a Capture The Flag (CTF) competition as the final project.
-

Technical Skills

- **Mobile Development:** Flutter, Dart
- **Programming:** C++, Java, Python, JavaScript
- **Web Development:** HTML5, CSS3, JavaScript
- **Databases:** SQL
- **Core Knowledge:** Operating Systems, Algorithms, Problem Solving, Machine Learning, NLP
- **Tools & Platforms:** Git, Android Studio, Visual Studio Code, Qt Creator

Projects

- **Operating System Simulation (C#)** – Built a basic OS simulation implementing process scheduling and memory management concepts.
- **Online Examination System (C++)** – Console app with authentication, timed quizzes, and auto-grading.
- **Saraha Messaging Clone (C++ & Qt)** – Anonymous messaging system with encryption and GUI.
- **Hotel Booking System (HTML/CSS/JS)** – Responsive frontend with dynamic pricing.
- **Parking Lot Management (Java Swing)** – GUI system for tracking parking slots.
- **Tourism Website (HTML/CSS)** – Multi-page site with galleries and booking forms.
- **Accessories Selling Website (HTML/CSS)** – Static e-commerce showcase for watches & jewelry.
- **Game Hacking Project** – Reverse-engineered a 2D game using Cheat Engine and x86 Assembly basics.

Soft Skills

Adaptability | Team Collaboration | Problem-Solving
Communication | English Proficiency: B2

Certifications

- **Flutter & Mobile App Development** – Udemy (2024)
- **Frontend Web Development** – Sef Academy (2024)
- **Game Hacking Fundamentals** – Summer Training, MSP Student Activity (Ain Shams University, 2024)
